Detailed Rationale & Key Rating Drivers

The rating revision takes into account that Reliance MediaWorks Financial Services Private Limited has defaulted in servicing of principal/interest on its capital market instruments, as per the feedback from the debenture trustee.

Further, the rating continues to remain under Issuer Not Cooperating category, despite our repeated requests, the company has not provided the requisite information for monitoring the ratings. CARE has been seeking information from Reliance Mediaworks Financial Services Private Limited (RMFSPL) to monitor the rating(s) vide e-mail communications/letters dated February 28, 2022, February 18, 2022, February 08, 2021, and numerous phone calls. In line with the extant SEBI guidelines, CARE has reviewed the rating on the basis of the best available information which however, in CARE's opinion is not sufficient to arrive at a fair rating. Further, RMFSPL has not paid the surveillance fees for the rating exercise as agreed to in its Rating Agreement.

The rating factors in negative net worth, continue reporting loss over the years and the company has also breached the several covenants on the instruments rated by CARE. Further, on December 02, 2021, RBI filed applications for initiation of corporate insolvency resolution process (CIRP) against its promoter entity Reliance Capital Limited. Pursuant to order dated December 06, 2021, of the NCLT, CIRP has been initiated as per the provisions of the Insolvency and Bankruptcy Code, 2016. The estimated date of closure of insolvency resolution process is June 04, 2022.

Users of this rating (including investors, lenders, and the public at large) are hence requested to exercise caution while using the above rating(s).
